Kodiak Warranty: 5 Year Fade

Product Highlights:

KS25PST is a midrange choice for batting cages, youth soccer fields and other medium traffic areas. KS25PST has a high quality 5mm foam cushion to offer additional protection for falls. A heavy face weight offers durability, but lower grade straight fiber yarn without a spring set will show traffic patterns and inconsistencies in appearance. Protection for pivot points and high traffic areas is required. Traffic patterns may occur in areas of consistent use.
